

Oncology Social Workers are Here to Help

AOSW is excited to introduce these two brochures designed to help patients and families better understand how oncology social workers can help them before, during and after cancer treatment.

The first brochure is a one-page information sheet that you can download for free, directly from this website.

[Click here](#) to see the information sheet in full size and download it for yourself.

The second one is a two fold panel brochure that AOSW grants permission for you to reprint at your local print shop to distribute to patients and families. Or, if you'd like, you can order quantities below from the AOSW home office. Just print this page, complete the information at the bottom and fax or mail your order to the AOSW office in Philadelphia.
